

AACR Volunteer Agreement

As a therapy animal team, I agree to abide by the most current versions of the Therapy Animal Program Code of Ethics, Standards of Professional Conduct and Policies and Procedures as published on the Pet Partners website, conducting myself in a professional manner at all times. This includes the 2-hour visit limit.

I will not self-deploy to an AACR event. I will only respond to events to which I have been expressly invited by an individual in a position to authorize my presence.

I will complete the FEMA Incident Command System training, available for free [online](#), before my first deployment.

While participating in AACR visits, I will wear only Pet Partners branded gear in addition to my badge. I understand clothing, badges, patches and other gear naming other therapy animal groups or AACR organizations is strictly prohibited.

I understand that I will be asked to renew my AACR credentials at the time of my next team registration renewal.
